Make it directly on screen

Wacom Cintiq combines pen and display for a seamless experience that feels totally natural. Wacom Pro Pen 2 features 8,192 levels of pressure sensitivity and a low activation force, so it recognizes even the lightest pen strokes. It offers amazing precision and control, reacting to the tilt of your hand and accurately responding to each movement, immediately.

A pen that lets you go further

Wacom Pro Pen 2 looks and feels like a regular pen so you don't need to learn any new techniques before you start to bring your ideas to life.

- Wacom Pro Pen 2 offers precision and control – with 8,192 levels of pressure sensitivity, low activation force and tilt recognition.
- Never need to charge the pen – EMR (Electro Magnetic Resonance) technology draws power from your Wacom Cintiq.
- Comfortable in your hand – weight-balanced, rubber grip and easy reach of the two side buttons.
- Get easy access to your favorite software's shortcuts – with the pen's programmable side buttons.

A display that's built for creativity

Wacom Pro Pen 2 and Cintiq's 15,6" slimline display work together to make your creative session comfortable and productive.

- Avoid distracting reflections as you work – thanks to an anti-glare film.
- See your cursor appear exactly where you would expect with reduced parallax.
- Rely on Wacom Cintiq project after project – thanks to durable, scratch resistant materials.
- Get into the perfect position – a pair of foldable legs let you adjust how you want to create. An optional stand gives you even more flexible and ergonomic positions.
- See every detail of your work – the 1920 x 1080 full HD display gives you all the clarity you need.
- Customize how you work even further – Wacom Cintiq is compatible with the full range of accessory pens in the Wacom range.

Live. Dare. Create.
